

3 March 1988

Erik P. DeBenedictis  
AT&T Bell Laboratories  
Crawfords, Corner Rd.  
Holmdel, New Jersey 07733

Dear Erik:

Thank you for applying for the Gordon Bell Award. The collected work by you and your colleagues was outstanding. A program, using the Hypercube at Sandia won the contest, but the range of programs and results you submitted demonstrated the generality of your approach to parallelism. Therefore, I wish to provide you with a special award which is deserving of an honorable mention.

Enclosed is a check for \$300 which recognizes this work in parallelism.

Sincerely, Keep up the good work.

*Gordon Bell*
